

# Spring Sensory Scavenger Hunt

Can you use your 5 senses to find signs of spring in your neighbourhood?

Record your observations using this page, a camera or a notebook!

What do you spy with your little eye?

Look high and look low.

Notes:

Stop. Close your eyes. What do you hear?

Try this in a few spots.

Notes:

Follow your nose! What can you smell?

Notes:

What do you feel? See how many textures you can find.

Notes:

Time for a snack! Use your sense of taste to enjoy a snack outside!

Nature Color I Spy

Can you spot something that matches each color on your sensory walk?
