Thank you for supporting wildlife conservation!

*Please note these areas are currently closed.*

Explore the winding pathways in our replicas of the Rocky Mountain and northern forest ecosystems. Visit muskox, river otters, Dall’s and bighorn sheep, elk, owls, prairie dogs, caribou, bison, whooping cranes and more.

Travel back to a time when triceratops and iguanodons roamed the earth. Discover fossils and slide through a massive tyrannosaurus rex skull! You will experience what Alberta might have looked like when dinosaurs reigned supreme.

Experience a bit of Africa as you take in the misty rainforest or the serenity of the savannah. Discover gorillas, lions, monkeys, lemurs, hippos, crocodiles, meerkats, and more.

Take a short trip to the exotic East – Asia, India and beyond – where you’ll visit animal ambassadors for some of the world’s most endangered species. Siberian Amur tigers, giant pandas, snow leopards, Japanese macaques, red pandas and more.

Site seasonal butterfly and floral displays, view beautiful indoor gardens, and learn about alternative energy sources in the ENMAX Conservatory, or relax in our outdoor gardens – truly a tranquil oasis in our busy city.
