

# Team Building Events

## All for Fun

Have fun and support local and global conservation efforts through ... the Calgary Zoo! Become a wildlife conservation champion by booking a team building event. The Calgary Zoo is a perfect place for team work amongst wildlife and wild spaces. Below are some of the activities that spark plenty of animated thank you's from participants.

All options are free from GST as the Calgary Zoo is a charity. All bookings must be made at least two week in advance.

## Scavenger Hunts

Self-guided scavenger hunts work equally well as a break in a day of meetings or as a half-day event. Most often used as a reward, this activity is a fun way to enjoy the grounds and learn about the zoo in an organized but informal way.

## Zoovivor

Teams are pitted against one another as they complete multiple challenges. Ideal for mixed groups with a wide range of ages and personalities, Zoovivor is more structured, and each team is given a schedule with times and locations for each activity.

## Escape Extinction

Escape room meets conservation. We need your help to save the Giant Panda from extinction. Can your team-turned-conservation researchers complete their tasks in time to save the world's most loved endangered species?

## Guided Tours

Travel with an Education Guide through parts of the zoo to get an in-depth look at the animal inhabitants. Each person will have their own headset to listen to the guide, while allowing participants to maintain a safe physical distance. Can also be done virtually.

## Why not add on some tasty eats!

Customize your team building package to include food and beverage vouchers or pre-arranged options for each of your guests. You will be happy to know that we source our ingredients locally to help protect the environment for generations to come.

## Zoomazing Race

Hurrying through a series of mental and physical (non-strenuous) challenges, the Zoomazing Race is great for outgoing and competitive groups that are used to working together. One of our most popular games.
